The first such Governor General was Lord Warren Hastings. 3) It provided for the establishment of a Supreme Court at Calcutta (1774)(with Original and Appellate jurisdiction) comprising one chief justice and three other judges. (UPSC PRE) 4) Bombay and Madras presidencies were made subordinate 	<p>Amending Act, 1781</p> <ol style="list-style-type: none"> 1) To rectify the defects of the Regulating Act of 1773, the British Parliament passed the Amending Act of 1781, also known as the Act of Settlement or Declaratory Act, 1781. 2) It exempted the Governor-General and the Council from the jurisdiction of the Supreme Court for the acts done by them in their official capacity and also exempted the servants of the company from the jurisdiction of the Supreme Court for their official actions. 3) It excluded the revenue matters and the matters arising in the collection of revenue from the jurisdiction of the Supreme Court. 4) It provided that the Supreme Court was to have jurisdiction over all the inhabitants of Calcutta. It also required the court to administer the personal law of the defendants i.e., Hindus were to be tried according to the Hindu law and Muslims were to be tried according to the Mohammedan law. 5) It laid down that the appeals from the Provincial Courts could be taken to the Governor-General-in-Council and not to the Supreme Court. SALIENT FEATURES OF CONSTITUTION

1. Longthiest Written Constitution	Originally (1949), the Constitution contained a Preamble, 395 Articles (divided into 22 Parts) and 8 Schedules
2. Drawn From Various Sources	The Constitution of India has borrowed most of its provisions from the Constitutions of various other countries as well as from the Government of India Act of 1935
3. Blend of Rigidity and Flexibility	A rigid Constitution is one that requires a special procedure for its amendment, as for example, the American Constitution. A flexible constitution, on the other hand, is one that can be amended in the same manner as the ordinary laws are made, as for example, the British Constitution. The Constitution of India is neither rigid nor flexible, but a synthesis of both.
4. Federal System with Unitary Bias	(Art.1 Defines Union of States and not Federation of States)-usual features of a federation, viz., two governments, division of powers, written Constitution, supremacy of Constitution, rigidity of Constitution, independent judiciary and bicameralism. unitary or non-federal features, viz., a strong Center, single Constitution, single citizenship, flexibility of Constitution, integrated judiciary, appointment of state governor by the Center, all-India services, emergency provisions.
5. Parliamentary Form of Government (EXECUTIVES REMAIN RESPONSIBLE TO LEGISLATURE) UPSC PRE 2017	The parliamentary system is also known as the ' Westminster ' Model of Government, responsible Government and Cabinet Government. Even though the Indian parliamentary system is largely based on the British pattern, there are some fundamental differences between the two. For example, the Indian Parliament is not a sovereign body like the British Parliament. Further, the Indian State has an elected head (republic) while the British State has hereditary head (monarchy).
6. Synthesis of Parliamentary Sovereignty and Judicial Supremacy	doctrine of sovereignty of Parliament is associated with the British Parliament, while the principle of judicial supremacy with that of the American Supreme Court
7. Integrated and Independent Judiciary	single system of courts enforces both the central laws as well as the state laws, unlike in USA, where the federal laws are enforced by the federal judiciary and the state laws are enforced by the state judiciary
8. Single Citizenship	Though the Indian Constitution is federal and envisages a dual polity (Center and states), it provides for only a single citizenship, that is, the Indian citizenship.

PREAMBLE OF CONSTITUTION

- American Constitution was the first to begin with a Preamble
- Preamble to the Indian Constitution is based on the ‘Objectives Resolution’, drafted and moved by Pandit Nehru, and adopted by the Constituent Assembly
- **Preamble reflects mind of constitution makers (UPSC PRE 2017)**
- It has been amended by the 42nd Constitutional Amendment Act (1976), which added three new words–Socialist, Secular and Integrity

KEY WORDS IN THE PREAMBLE

1. Sovereign	‘sovereign’ implies that India is neither a dependency nor a dominion of any other nation, but an independent state- free to conduct its own affairs (both internal and external)
2. Socialist	<ul style="list-style-type: none"> • Congress party itself adopted a resolution to establish a ‘socialistic pattern of society’ in its Avadi session • Indian brand of socialism is a ‘democratic socialism’ and not a ‘communistic socialism’ (also known as ‘state socialism’)

	<ul style="list-style-type: none"> Democratic socialism- holds faith in a ‘mixed economy’ where both public and private sectors co-exist side by side Indian socialism is a blend of Marxism and Gandhism, leaning heavily towards the Gandhian socialism(stateless society)- UPSC PRE 2020
3. Secular	<ul style="list-style-type: none"> added by the 42nd Constitutional Amendment Act of 1976 positive concept of secularism i.e, all religions in our country (irrespective of their strength) have the same status and support from the state
4. Democratic	<ul style="list-style-type: none"> doctrine of popular sovereignty, that is, possession of supreme power by the people (it calls into activity the intelligence and character of ordinary man and women) UPSC 2017 Direct democracy, the people exercise their supreme power directly as is the case in Switzerland- four devices of direct democracy, namely, Referendum, Initiative, Recall and Plebiscite Referendum is a procedure whereby a proposed legislation is referred to the electorate for settlement by their direct votes. Initiative is a method by means of which the people can propose a bill to the legislature for enactment. Recall is a method by which the voters can remove a representative or an officer before the expiry of his term, when he fails to discharge his duties properly. Plebiscite is a method of obtaining the opinion of people on any issue of public importance. It is generally used to solve territorial disputes. Indirect democracy, on the other hand, the representatives elected by the people exercise the supreme power and thus carry on the government and make the laws FOR EG. INDIA The principles of liberty, equality and fraternity are not to be treated as separate items in a trinity. They form a union of trinity in the sense that to divorce one from the other is to defeat the very purpose of democracy
5. Republic	<ul style="list-style-type: none"> the head of the state is always elected directly or indirectly for a fixed period, e.g., USA India has an elected head called the president. He is elected indirectly for a fixed period of five years A republic also means two more things: vesting of political sovereignty in the people and not in king; second, the absence of any privileged class and hence all public offices being opened to every citizen without any discrimination
6. Justice	The ideal of justice— social, economic and political —has been taken from the Russian Revolution (1917).

7. Liberty	‘liberty’ means the absence of restraints on the activities of individuals, and at the same time, providing opportunities for the development of individual personalities (UPSC 2019) The Preamble secures to all citizens of India liberty of thought, expression, belief, faith and worship(UPSC PRE 2017)
8. Equality	absence of special privileges to any section of the society, and the provision of adequate opportunities for all individuals without any discrimination
9. Fraternity	Sense of brotherhood- to assure two things– the dignity of the individual and the unity and integrity of the nation word ‘integrity’ has been added to the preamble by the 42nd Constitutional Amendment (1976)

PREAMBLE AS PART OF THE CONSTITUTION

Berubari Union case (1960)	Supreme Court specifically opined that Preamble is not a part of the Constitution
Kesavananda Bharati case (1973)	held that Preamble is a part of the Constitution
LIC of India case (1995)	the Supreme Court again held that the Preamble is an integral part of the Constitution
STATUS OF PREAMBLE	<ul style="list-style-type: none"> Like any other part of the Constitution, the Preamble was also enacted by the Constituent Assembly; but, after the rest of the Constitution was already enacted(INDEPENDENT) The Preamble is neither a source of power to legislature nor a prohibition upon the powers of legislature It is non-justiciable, that is, its provisions are not enforceable in courts of law. (UPSC PRE 2020)

AMENABILITY OF THE PREAMBLE

- Preamble **can be amended**, subject to the condition that **no amendment is done to the ‘basic features’**- the fundamental features of the Constitution as contained in the Preamble cannot be altered by an amendment under Article 368
- Preamble has been amended only once so far, in 1976, by the 42nd Constitutional Amendment Act, which has added three new words–Socialist, Secular and Integrity–to the Preamble.

UNION AND ITS TERRITORY

UNION OF STATES

- Article 1 describes India, that is, Bharat as a ‘Union of States’ rather than a ‘Federation of States’
- First schedule** of Constitution lists the names of states and their territories
- phrase ‘Union of States’ has been preferred to ‘Federation of States’ for two reasons: one, the **Indian Federation is not the result of an agreement** among the states like the American Federation; and two, the **states have no right to secede from the federation.(INDIAN FEDERALISM- UPSC PRE 2017)**

- According to Article 1, the territory of India can be classified into three categories:
1. Territories of the states 2. Union territories 3. Territories that may be acquired by the Government of India at any time.
- Names of states and union territories and their territorial extent are mentioned in **the first schedule of the Constitution**.

Article 1	Describes India, that is, Bharat as a ‘Union of States’ rather than a ‘Federation of States’. This provision deals with two things: one, name of the country; and two, type of polity.
Article 2	Grants two powers to the Parliament: (a) the power to admit into the Union of India new states ; and (b) the power to establish new states . The first refers to the admission of states which are already in existence, while the second refers to the establishment of states which were not in existence before.
Article 3	<p>Parliament to: (a) form a new state by separation of territory from any state or by uniting two or more states or parts of states or by uniting any territory to a part of any state; (b) increase the area of any state; (c) diminish the area of any state; (d) alter the boundaries of any state; and (e) alter the name of any state</p> <ul style="list-style-type: none"> • above changes can be introduced in the Parliament only with the prior recommendation of the President • President has to refer the same to the state legislature concerned for expressing its views within a specified period • power of Parliament to form new states includes the power to form a new state or union territory by uniting a part of any state or union territory to any other state or union territory • President (or Parliament) is not bound by the views of the state legislature • Constitution authorizes the Parliament to form new states or alter the areas, boundaries or names of the existing states without their consent • India is rightly described as ‘an indestructible union of destructible states’
Article 4	<ul style="list-style-type: none"> • Declares that laws made for admission or establishment of new states (under Article 2) and formation of new states and alteration of areas, boundaries or names of existing states (under Articles 3) are not to be considered as amendments of the Constitution under Article 368 • such laws can be passed by a simple majority and by the ordinary legislative process

VARIOUS COMMISSIONS IN EVOLUTION OF STATES AND UT'S

Accordingly, in June 1948, the Government of India appointed the Linguistic Provinces Commission under the chairmanship of S.K. Dhar to examine the feasibility. the commission submitted its report in December, 1948, and recommended the reorganization of states on the basis of administrative convenience rather than linguistic factor.
JVP Committee	<ul style="list-style-type: none"> It consisted of Jawaharlal Nehru, Vallabhbhai Patel and Pattabhi Sitaramayya and hence, was popularly known as JVP Committee. Constituted in December 1948; submitted its report in April, 1949, and formally rejected language as the basis for reorganization of states However, in October, 1953, the Government of India was forced to create the first linguistic state, known as Andhra state, by separating the Telugu speaking areas from the Madras state.

AMENDMENT OF THE CONSTITUTION

- Article 368 in Part XX of the Constitution deals with the powers of Parliament to amend the Constitution and its procedure
- Indian Constitution is neither flexible nor rigid but a synthesis of both
- Parliament cannot amend those provisions which form the 'basic structure' of the Constitution. This was ruled by the Supreme Court in the Kesavananda Bharati case(1973).
- The procedure for the amendment of the Constitution as laid down in Article 368 is as follows:
 - **Bill Can be initiated in either house of parliament (UPSC 2013)**
 - Bill Can be **initiated either by Minister or Private member**
 - **Not require Prior Permission of President**
 - Passed by **Special Majority** (More than 50% of Total Membership and 2/3 Present and voting)
 - **Federal provisions of Bill ratified by Half of states by Simple Majority(UPSC 2013)**
 - **24th Const. Amd. Made Obligatory for the President to give Assent (President Must give assent to Const. Amd. Bill)**

The Constitution can be amended in three ways:

Simple Majority of Parliament	Special Majority Of Parliament	Special majority of the of the Parliament and the ratification of half of the state legislatures
outside the scope of Article 368 <ol style="list-style-type: none"> 1. Add New States; Alter names; areas 2. Formation of Legislative councils 3. Second Schedule 4. Citizenship 5. 5th 6th schedule 6. BASIC STRUCTURE OF THE CONSTITUTION

- **Shankari Prasad Case 1951** : Constitutional validity of First Amendment Act (1951), which curtailed the right to property, was challenged; SC- power to amend constitution also means amendments to FR; word ‘law’ in Article 13 includes only ordinary laws and not the constitutional amendment acts
- **Golak Nath Case 1967**: The Supreme Court ruled that the Fundamental Rights are given a ‘transcendental and immutable’ position and hence, the Parliament **cannot** abridge or take away any of these rights
- **24th Amd. Act 1971** : Parliament has the power to abridge or take away any of the Fundamental Rights under Article 368
- **Kesavananda Bharati Case 1971**: overruled Golaknath judgment; upheld validity of 24th amd. Also laid down “**Doctrine of Basic Structure**”
- **42nd Amd.1976**: Amended art.368; No limitations of parliament and No question shall asked in court
- **Minerva Mills Case 1980**: ‘Judicial review is Basic Structure’
- **BASIC STRUCTURE** :
 1. Supremacy of the Constitution
 2. Sovereign, **democratic** and republican nature of the Indian polity
 3. **Secular character** of the Constitution
 4. Separation of powers between the legislature, the executive and the judiciary

- **The parliamentary system of government is the one in which the executive is responsible to the legislature for its policies and acts.**
- **Principle underlying Cabinet form of government is mechanism of parliamentary democracy ensuring Collective responsibility of Government to People (UPSC 2017)**
- The parliamentary government is also known as **cabinet government or responsible government** or Westminster model of government and is prevalent in Britain, Japan, Canada, India among others
- The President is the nominal executive (de jure executive or titular executive) while the Prime Minister is the real executive
- The political party which secures majority seats in the Lok Sabha forms the government
- The ministers are collectively responsible to the Parliament in general and to the Lok Sabha in particular (Article 75)

- Prime Minister plays the leadership role in this system of government
- The ministers operate on the principle of secrecy of procedure
- The lower house of the Parliament (Lok Sabha) can be dissolved by the President on recommendation of the Prime Minister
- **{‘Shadow cabinet’ is a unique institution of the British cabinet system. It is formed by the opposition party to balance the ruling cabinet and to prepare its members for future ministerial office. There is no such institution in India.}**

JUDICIAL REVIEW

- The doctrine of judicial review originated and developed in the USA

- Supreme Court has declared the power of judicial review as a basic feature of the Constitution or an element of the basic structure of the Constitution
- **MEANING- Judicial review is the power of the judiciary to examine the constitutionality of legislative enactments and executive orders of both the Central and State governments (UPSC 2017)**
- Judicial review is needed for the following reasons: (a) To uphold the principle of the supremacy of the Constitution. (b) To maintain federal equilibrium (balance between the Center and the states). (c) To protect the Fundamental Rights of the citizens
- Though the phrase ‘Judicial Review’ has nowhere been used in the Constitution, the provisions of several Articles explicitly confer the power of judicial review on the Supreme Court and the High Courts.
- These provisions are explained below:
 1. Article 13 declares that all laws that are inconsistent with or in derogation of the Fundamental Rights shall be null and void.
 2. Article 32 guarantees the right to move the Supreme Court for the enforcement of the Fundamental Rights and empowers the Supreme Court to issue directions or orders or writs for that purpose
 3. Article 226 empowers the High Courts to issue directions or orders or writs for the enforcement of the Fundamental Rights and for any other purpose.
 4. Article 372 deals with the continuance in force of the pre constitution laws
 5. ART.131,132,134,136,143,227,245,246,etc.
- The scope of judicial review in India is narrower than what exists in the USA, though the American Constitution does not explicitly mention the concept of judicial review in any of its provisions.
- This is because, the American Constitution provides for ‘due process of law’ against that of ‘procedure established by law’ which is contained in the Indian Constitution

JUDICIAL REVIEW OF THE NINTH SCHEDULE

- Article 31B saves the acts and regulations included in the Ninth Schedule from being challenged and invalidated on the ground of contravention of any of the Fundamental Rights
- **Article 31B along with the Ninth Schedule was added by the 1st Constitutional Amendment Act of 1951.**
- **Significant judgment delivered in I.R. Coelho case (2007), the Supreme Court ruled that there could not be any blanket immunity from judicial review of laws included in the Ninth Schedule. The court held that judicial review is a ‘basic feature’ of the constitution and it could not be taken away by putting a law under the Ninth Schedule. (UPSC 2018)**
- **It said that the laws placed under the Ninth Schedule after April 24, 1973, are open to challenge in court if they violated Fundamental Rights guaranteed under the Articles 14, 15, 19 and 21 or the ‘basic structure’ of the Constitution.**
- **It was on April 24, 1973, that the Supreme Court first propounded the doctrine of ‘basic structure’ or ‘basic features’ of the constitution in its landmark verdict in the Kesavananda Bharati case.**

JUDICIAL ACTIVISM

- concept of judicial activism originated and developed in the USA

- In India, the doctrine of judicial activism was introduced in mid 1970s. Justice V.R. Krishna Iyer, Justice P.N. Bhagwati, Justice O. Chinnappa Reddy and Justice D.A. Desai
- **MEANING-** Judicial activism denotes the **proactive role played by the judiciary in the protection of the rights of citizens and in the promotion of justice** in the society. In other words, it implies the assertive role played by the judiciary to force the other two organs of the government (legislature and executive) to discharge their constitutional duties
- The concept of judicial activism is closely related to the concept of Public Interest Litigation (PIL).
- **Meaning of Judicial Restraint-** Judicial activism and judicial restraint are the two alternative judicial philosophies in the United States. Those who subscribe to judicial restraint contend that the **role of judges should be scrupulously limited**; their job is merely to say what the law is, leaving the business of lawmaking where it properly belongs, that is, with the legislators and the executives.

Public Interest Litigation (UPSC 2006)

- Justice V.R. Krishna Iyer and **Justice P.N. Bhagwati** were the pioneers of the concept of PIL. PIL is also known variously as Social Action Litigation (SAL), Social Interest Litigation (SIL) and Class Action Litigation (CAL)
- In 1998, the Supreme Court formulated a set of guidelines to be followed for entertaining letters or petitions received by it as PIL. These guidelines were modified in 1993 and 2003.

- The CAT exercises original jurisdiction in relation to recruitment and all service matters of public servants covered by it. Its jurisdiction extends to the all-India services, the Central civil services, civil posts under the Center and civilian employees of defense services.
- State Administrative Tribunals The Administrative Tribunals Act of 1985 empowers the Central government to establish the State Administrative Tribunals (SATs) on specific request of the concerned state governments
- **Article 323 B**, the Parliament and the state legislatures are authorized to provide for the establishment of tribunals for the adjudication of disputes relating to the following matters: (a) Taxation (b) Foreign exchange, import and export (c) Industrial and labor (d) Land reforms (e) Ceiling on urban property (f) Elections to Parliament and state legislatures (g) Food stuffs

Subordinate Courts

- In the year 1987, the Legal Services Authorities Act was enacted

LOK ADALATS

- The word ‘Lok Adalat’ means ‘People’s Court’. This system is based on Gandhian principles. It is one of the components of the ADR (Alternative Dispute Resolution) system.
- As the Indian courts are overburdened with the backlog of cases and the regular courts are to decide the cases involving a lengthy, expensive and tedious procedure.
- The first Lok Adalat camp in the post independence era was organized in Gujarat in 1982
- Lok Adalat has been given statutory status under the Legal Services Authorities Act, 1987
- There is no court fee and if court fee is already paid the amount will be refunded if the dispute is settled at Lok Adalat.
- **The award by the Lok Adalat is binding on the parties and it has the status of a decree of a civil court** and it is non-appealable

- The system of urban government was constitutionalised through the 74th Constitutional Amendment Act of 1992.
- At the Central level, the subject of 'urban local government' is dealt with by the following three ministries: (i) Ministry of Housing and Urban Affairs. (ii) Ministry of Defense in the case of cantonment boards (iii) Ministry of Home Affairs in the case of Union Territories
- Lord Mayo's Resolution of 1870 on financial decentralization visualized the development of local self-government institutions. Lord Ripon's Resolution of 1882 has been hailed as the 'Magna Carta' of local self-government. He is called as the father of local-self government in India. The Royal Commission on decentralization was appointed in 1907 and it submitted its report in 1909.

74TH AMENDMENT ACT OF 1992

- the 74th Amendment Act has added a new Part IX-A to the Constitution of India. This part consists of provisions from Articles 243-P to 243-ZG.
- In addition, the act has also added a new Twelfth Schedule to the Constitution. This schedule contains eighteen functional items of municipalities.
- It deals with Article 243-W.
- All the members of a municipality shall be elected directly by the people of the municipal area. For this purpose, each municipal area shall be divided into territorial constituencies to be known as wards.
- The act provides for the reservation of seats for the scheduled castes and the scheduled tribes in every municipality in proportion of their population to the total population in the municipal area. Further, it provides for the reservation of not less than one-third of the total number of seats for women (including the number of seats reserved for women belonging to the SCs and the STs).

TYPES OF URBAN GOVERNMENTS

1. **Municipal Corporation-** Municipal corporations are created for the administration of big cities like Delhi, Mumbai, Kolkata, Hyderabad, Bangalore and others. A municipal corporation has three authorities, namely, the council, the standing committees and the commissioner. The Council is headed by a Mayor. He is assisted by a Deputy Mayor. He is elected in a majority of the states for a one-year renewable term. The municipal commissioner is appointed by the state government and is generally a member of the IAS.

2. **Municipality**- The municipalities are established for the administration of towns and smaller cities. The chief executive officer/chief municipal officer is responsible for day-to-day general administration of the municipality. He is appointed by the state government
3. **Notified Area Committee** -A notified area committee is created for the administration of two types of areas—a fast developing town due to industrialisation, and a town which does not yet fulfill all the conditions necessary for the constitution of a municipality. But unlike the municipality, it is an entirely nominated body, that is, all the members of a notified area committee including the chairman are nominated by the state government.
4. **Town Area Committee** -A town area committee is set up for the administration of a small town. It is a semi municipal authority and is entrusted with a limited number of civic functions like drainage, roads, street lighting, and conservancy. It is created by a separate act of a state legislature
5. **Cantonment Board**- A cantonment board is established for municipal administration for civilian population in the cantonment area. It is set up under the provisions of the Cantonments Act of 2006—a legislation enacted by the Central government. A cantonment board consists of partly elected and partly nominated members. The elected members hold office for a term of five years while the nominated members (i.e., ex-officio members) continue so long as they hold the office in that station
6. **Township**- This type of urban government is established by the large public enterprises to provide civic amenities to its staff and workers who live in the housing colonies built near the plant. No elected members.
7. **Port Trust**- The port trusts are established in the port areas like Mumbai, Kolkata, Chennai and so on for two purposes: (a) to manage and protect the ports; and (b) to provide civic amenities. A port trust is created by an Act of Parliament.

PART-VI UNION TERRITORIES AND SPECIAL AREAS

UNION TERRITORIES (PART VIII; ART.239-241)

- Article 1 of the Constitution, the territory of India comprises three categories of territories: (a) territories of the states; (b) union territories; and (c) territories that may be acquired by the Government of India at any time
- During British Rule, certain areas were constituted as ‘scheduled districts’ in 1874. Later, they came to be known as ‘chief commissioners provinces’
- In 1956, they were constituted as the ‘union territories’ by the 7th Constitutional Amendment Act (1956) and the States Reorganization Act (1956).
- Himachal Pradesh, Manipur, Tripura, Mizoram, Arunachal Pradesh and Goa, which are states today were formerly union territories.
- **At present, there are 8 Union Territories.** They are (along with the year of creation): (1) Andaman and Nicobar Islands– 1956, (2) Delhi–1956, (3) Lakshadweep–1956, (4) Puducherry– 1962, (5) Chandigarh–1966, (6) Jammu and Kashmir–2019 and (7) Ladakh–2019, (8) Dadra and Nagar Haveli and Daman and Diu–2019
- Every union territory is administered by the President acting through an administrator appointed by him. An administrator of a union territory is an agent of the President and not head of state like a governor.

- The President can specify the designation of an administrator; it may be Lieutenant Governor or Chief Commissioner or Administrator
- At present, it is Lieutenant Governor in the case of Delhi, Puducherry, Andaman and Nicobar Islands, Jammu and Kashmir and Ladakh and Administrator in the case of Chandigarh, Dadra and Nagar Haveli, Daman and Diu and Lakshadweep.
- **The Union Territories of Puducherry (in 1963), Delhi (in 1992) and Jammu and Kashmir (in 2019) are provided with a legislative assembly and a council of ministers headed by a chief minister.**
- The Bombay High Court has jurisdiction over two union territories—Dadra and Nagar Haveli, and Daman and Diu. Andaman and Nicobar Islands, Chandigarh, Lakshadweep and Puducherry are placed under the Calcutta, Punjab and Haryana, Kerala, and Madras High Courts respectively. The Jammu and Kashmir High Court is the common high court for the two union territories of Jammu and Kashmir, and Ladakh.

SPECIAL PROVISIONS FOR DELHI- The 69th Constitutional Amendment Act of 1991 provided a special status to the Union Territory of Delhi, and redesignated it the National Capital Territory of Delhi and designated the administrator of Delhi as the lieutenant (Lt.) governor. It created a legislative assembly and a council of ministers for Delhi. The chief minister is appointed by the President (not by the Lt. governor). The other ministers are appointed by the president on the advice of the chief minister. The ministers hold office during the pleasure of the president

SCHEDULED AND TRIBAL AREAS (PART X; ART.244)

- Article 244 in Part X of the Constitution envisages a special system of administration for certain areas designated as 'scheduled areas' and 'tribal areas'.
- **The Fifth Schedule of the Constitution deals with the administration and control of scheduled areas and scheduled tribes** in any state except the four states of Assam, Meghalaya, Tripura and Mizoram. (UPSC 2015; 2008)
- **The Sixth Schedule of the Constitution, on the other hand, deals with the administration of the tribal areas in the four northeastern states of Assam, Meghalaya, Tripura and Mizoram. (UPSC 2015)**
- **Declaration of Scheduled Areas:** The president is empowered to declare an area to be a scheduled area. He can also increase or decrease its area, alter its boundary lines, rescind such designation or make fresh orders for such designation on an area in consultation with the governor of the state concerned.
- **Executive Power of State and Center:** The executive power of a state extends to the scheduled areas therein. But the governor has a special responsibility regarding such areas.
- **Law applicable to Scheduled Areas:** The governor is empowered to direct that any particular act of Parliament or the state legislature does not apply to a scheduled area or apply with specified modifications and exceptions.
- The Constitution, under Sixth Schedule, contains special provisions for the administration of tribal areas in the four northeastern states of Assam, Meghalaya, Tripura and Mizoram.
- The governor is empowered to organize and reorganize the autonomous districts. Thus, he can increase or decrease their areas or change their names
- The acts of Parliament or the state legislature do not apply to autonomous districts and autonomous regions or apply with specified modifications and exceptions

MISCELLANEOUS ELECTIONS

Articles 324 to 329 in Part XV of the Constitution make the following provisions with regard to the electoral system in our country:

- **The Constitution (Article 324) provides for an independent Election Commission in order to ensure free and fair elections in the country. The power of superintendence, direction and conduct of elections to the Parliament, the state legislatures, the office of the President and the office of the VicePresident is vested in the Commission (UPSC 2017)**
- There is to be only one general electoral roll for every territorial constituency for election to the Parliament and the state legislatures
- The elections to the Lok Sabha and the state assemblies are to be on the basis of **adult franchise**. Thus, every person who is a citizen of India and who is 18 years of age, is entitled to vote at the election provided he is not disqualified under the provisions of the Constitution or any law made by the appropriate legislature (Parliament or state legislature)
- Parliament may make provision with respect to all matters relating to elections to the Parliament and the state legislatures including the preparation of electoral rolls, the delimitation of constituencies
 - Article 323B empowers the appropriate legislature (Parliament or state legislature) to establish a tribunal for the adjudication of election disputes
 - Since 1998, the Commission has increasingly used Electronic Voting Machines (EMVs) instead of ballot boxes. In 2003, all state elections and by-elections were held using EVMs.

- **Electronic Voting Machine-** An Electronic Voting Machine (EVM) is a simple electronic device used to record votes in place of ballot papers and boxes which were used earlier in conventional voting system
- Elections to the State Assemblies are carried out in the same manner as for the Lok Sabha election, with the states and union territories divided into single-member constituencies, and the **first past-the-post electoral system used**.
